Hello Excitement 30
Hello Tractor’s award-winning Smart Tractor is the world’s first tough, multipurpose, technology enabled tractor designed for rugged small plots of land. It comes with eight attachments for land prep, irrigation, harvest and transport, keeping the machine active throughout the year.
Monitoring Device

Each Smart Tractor is embedded with our monitoring hardware that’s equipped with a GPS antenna and international SIM card for remote Smart Tractor monitoring, tracking, and service booking. We also offer our monitoring hardware as a standalone product to non-Smart Tractor owners, making their machines “Smart” as well!
Attachments

1. Seed Planter
2. Disc Plow
3. Reaper
4. Double Furrow Plow
5. Anti-Skid Iron Wheels
6. Trailer
7. Sprinkler and Water Pump
8. Rotary Tiller
Rotary Tiller

A soil preparation attachment designed for soil tilling, giving the soil maximum disturbance. It is ideal for making irrigation beds, farming ginger, carrot, rice, etc.

Specification

- No. of Blades: 24
- Max. Speed: Single Speed
- Tilling Depth: 8-15cm
- Tilling Width: 80cm

Crops

Rice, Ginger and Vegetables

Advantages

- Low power requirement
- Equal nutrient distribution
- Soil leveling
Double Furrow

Used for initial cultivation of soil in preparation for sowing seeds or planting to loosen or turn the soil. This implement is also capable of creating small ridges (or small mounds in the soil).

Specification
- No. of Blades: 2
- Max. Speed: Single Speed
- Tilling Depth: 8 - 15cm
- Tilling Width: 80cm

Crops
- Peanuts, Soybeans, and Vegetables

Advantages
- Adjustable cutting depth
- Adjustable row spacing
- Soil nutrient conservation
Disc Plow

Used for initial cultivation of soil in preparation for sowing seeds or planting to loosen or turn the soil.

**Specification**
- No. of Blades: 2
- Max. Speed: Single Speed
- Tilling Depth: 12 - 18cm
- Tilling Width: 40cm

**Crops**
- Corn, Sorghum, Sugar Cane

**Advantages**
- Deep tilling depth
Seed Planter

Designed to drill soil, drop seeds, and then cover them. This saves the seeds from being eaten by birds and increases efficiency and yields through proper spacing (compared to broadcasting methods).

Specification
- No. of Blades: 6
- Max. Speed: 4.1 km/hr
- Tilling Depth: 1-5 cm
- Tilling Width: 130 cm

Crops
- Rice, Soybeans and Peanuts

Advantages
- Adjustable row spacing
- Adjustable seed quantity
- Equal germination growth
Reaper

A harvesting attachment designed for swathing wheat, grass, or any plant with a less than or equal to 1.5cm radius. Once cut, crops automatically fall neatly to the right side of the machine.

**Specification**

- No. of Blades: 24
- Max. Speed: 6.2km/hr
- Tilling Depth: 5cm
- Tilling Width: 120cm

**Crops**

- Rice, Wheat, Grass

**Advantages**

- Adjustable row spacing
- Adjustable seed quantity
- Equal germination growth
Trailer

A hauling attachment designed for the transportation of cargo such as seeds, manure, fertilizer, chemicals, workers, etc. It is made of steel to ensure durability, efficiency, and safety.

Specification
Dead Weight : 370kg
Ground Clearance : 260mm
Dead Weight : 370kg
Dimensions (L x H x W) : 200cm x 100cm x 365cm

Crops
All crops

Advantages
High tensile strength
Single braking systems
Light weight
Irrigation Pump

Used to pump water from borehole to supply water to crops at regular intervals.

Financial Opportunity

Owning a Smart Tractor just became easier with our low-interest financing program. After loan payments, a Smart Tractor owner can make an estimated ₦376,000 in profit per season.

Deposit: 5% or less per tractor
Low payments: ₦21k per month
Flexible 3-5yr loan terms
Payments on-time: 40% rebate

After-Sales Support.

From technical support to boosting your booking service, we have a team of dedicated individuals ready to support you with all your Smart Tractor needs.

Customer Support:
Representatives available immediately to answer your questions

Certified Technicians:
Affordable maintenance provided by locally trained technicians with spare parts

Market Booster:
We will deploy a team to ensure your tractor is being booked.
